Lean Six Sigma Green Belt Certification

In association with McKnight Gracie

● When? ●

10 to 14
Nov Nov

This is a five day programme.

In a Sentence:

Giving people world class problem solving tools and methods, that will deliver measureable improvements in their organisation.

The ONLY open programme available in Scotland in 2014. DON'T MISS OUT!

The Technical Bit:

- Day 1 - **Define:** Introduction and overview of the Green Belt program and how to get Green Belt certified. Defining the problem methods and tools.
- Day 2 - **Measure:** Understanding the size of the problem; where, when, how often, who and comparing performance against the customer requirements.
- Day 3 - **Analyse:** Finding the root causes of the problem using process mapping and analysis techniques
- Day 4 - **Improve:** Generation and selecting solutions for the problem and planning and implementing those solutions
- Day 5 - **Control:** Sustaining the solutions so that the problem does not reoccur, monitoring the process and recommending future enhancements.
- Program review, Green Belt exam on day 5 and next steps.

What You Get:

(ACCORDING TO PREVIOUS PARTICIPANTS)

- Practical knowledge, tools and processes to lead small teams using the Lean Six Sigma methodology.
- Improvement of your ability to lead projects
- Development of a practical understanding of the "DMAIC" Lean Six Sigma Method
- Understanding of how employees can be involved to solve business problems

The Programme Ingredients:

- A FREE iPad mini with interactive course materials and templates for the Lean Six Sigma tools pre loaded
- iPad writing stylus
- 5 days of activity workshop
- Spiral bound, colour course packs
- Up to two hours of personal coaching from world improvement expert & Master Black Belt, Matthew Gracie
- Industry recognised standard Green Belt Certification on completion of improvement project and documentation.

"By training our employees as Lean Six Sigma Green Belts we have increased the capability of our organisation to achieve real and significant bottom line results."

-Kuwait Petroleum Group Performance Manager
